BRIEF ABSTRACT OF LETTER

Represents that several alterations have taken place in the city necessitating a revision of its boundaries & submits for approval & publication a draft notification of the revised Rev limits of the Bangalore city

NOTES AND ORDERS

1) A perusal of the map shows that the new portions proposed to be included within the city Rev limits are

(1) Some survey nos to the west of Kempambudhi Kere

(2) The cremation & burial grounds of Halleswaram

NOTES—First Sheet

(3) Village site of north Rengamatapura
(4) Sankey's reservoir, its bed etc
(5) Filter beds & surrounding land

3) The resolution of the Md Council that the extended area should be notified under the Regulation was passed on July 20 & the subject does not seem to have been placed before them after the map was prepared in March 1912. If approved the present proclamation with the map may be ordered to be placed before them.

4) Regarding the inclusion of the Sankeys reservoir & filter beds within the Md limits, the Chief Engineer may be unofficially consulted afterwards

5) The proposal of the President to allot 37 acres of land for the expansion of the Mallesvaram Extension is pending orders, as certain information called for in the case has not as yet been received from the President.

6) As mentioned by Mr. already

To

ARV No 1954

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

I have the honour to submit herewith, for favour of approval and publication in three successive issues of the Mysore Gazette, a draft Notification of the revised Municipal limits of the Bangalore City.

2. Subsequent to the last publication of the Municipal limits under Government Notification No. 18106/L.F.92-96 dated the 24th June 1903, several alterations have taken place in the City necessitating a revision of its boundaries Some of the changes in question are enumerated below for kind reference.

(1) During the Re-survey of the Bangalore Taluk, all the Survey Numbers referred to in the Notification quoted above were altered. Most of these Survey Numbers have also ceased to exist at present, having been included in the roads and building sites of the Extensions, with the result that all the Bhends and Pahani Stones thereof which originally defined the Municipal limits have now disappeared.

(2) The additional area sanctioned for the Malleswaram Extension in Government Notification No. 7209-12/L.R.263-08-2 dated the 13th March 1909 requires to be included within the Municipal limits by means of a revised Notification as also the Sewage Farms, the Burial and Cremation

Grounds lately opened for the Extension;

(3) On sanitary grounds it is deemed necessary to include within Municipal limits the Village site of Jodi Ranganathapur adjoining the Kollegarm Extension, the Sankey tank and its bed with the surrounding grounds, the Filter beds with the adjoining ground up to the Institute of Science, as well as the additional area included in the Police Station [illegible]

3. At an Ordinary [illegible] held on the 31st July 1918, the Municipal Council passed a Resolution to the effect that the extended area should be notified as per Regulation.

4. A map showing the proposed Municipal limits as well as the old limits of the City of Bangalore is herewith submitted.

5. With reference to your letter No. 192/MI.426-18-2 dated the 11th July 1918, I beg to state that the Sunkenahalli area has been already included in the City Municipal limits vide [illegible] Government Notification No. 18106/L.F.92-96 dated 20th June 1905.

SIR,

With reference to your office memo No.3503 dated the 2nd December last, I have the honor to forward herewith a draft amendment of paragraph XV of the Description of the boundaries of the Civil and Military Station, as modified by Government Notification No. G.2546/C.V.259-09-8 dated the 24th October 1910.

2. The sketch received with the above is herewith returned after indicating the necessary particulars therein.

3. In this connection, I beg to add that Government, to whom a draft proclamation revising the boundary of the City Municipal limits was forwarded with this office letter No. 43 dated the 7th August 1913 for sanction, returned the same with the General and Revenue Secretary's letter No. 2236/M1. 1CO-12-6 dated the 27th August 1913 for retransmission with a report as to the authority for the insertion of sub-Nos. 1 to 3 of boundary stone XLV. Draft amendment of Paragraph XV of the Description of Boundaries of the Civil and Military Station.

Survey sheet 1. Central 160 ft 8l 8

From stone No. XIV, the boundary still keeping to the Cubbon Park fence runs along the western side of Ice road (Queen's Road) and meets stone No. XIV/1 at the point wherein the said fence meets the railing on the north east side of the Queen's Statue. From this point the line runs for 20 feet in length along the north eastern side of the said railing to stone No. XIV/2 where Queen's road meets the Cubbon Park roads. Thence the boundary line runs in southern direction in front of Queen's statue for a distance of 174 feet and meets stone No. XIV/3. From this point the line runs along the western side of Sydney road keeping to the Cubbon Park fence and meets stone No. XIV/4 at a distance of 182 feet. Thence the boundary line turns almost due north west for 74½ feet and goes to stone No. XIV/5 and from stone XIV/5 the line runs southwest for 159 feet up to stone No. XIV/6 against the north east corner of the compound wall of the quarters of the Sub Inspector of Police From stone No. XIV/6 the line turns to the north west and runs by the side of the north west side compound wall of the Sub Inspector's quarters for a distance of 53 feet and meets stone No. XIV/7 fixed against the compound wall of "Prospect House" From stone No. XIV/7 the boundary line turns south east and runs along the south west compound wall of Sub Inspector's quarters for a distance of 110 feet and meets Sydney road at stone No XIV/8. From stone No. XIV/8 the boundary line runs along the Sydney road in front of Prospect house and the Museum to the Cross roads, whence the causeway across Sampige Tank takes off The change of direction which here occurs is marked by boundary stone XV pointi, Revenue Survey sheet 1. From this point the boundary runs along the western edge of the Sampige causeway until it falls into the Sampige tank bund, boundary stone No.

The original draft Notification of the alteration in the City boundary, approved of in Government order No.2546/G.M. 259-09-8, dated 24th October 1910 was prepared according to the positions of Boundary stones that then existed - shown in black ink and since scored off in the plan. According to this XIV/1 and XIV/2, XIV/3 and XIV/4 enclosed the land originally given for the Police Station - marked by red in the plan.

Following this, the subsequent alteration in boundary consequent upon the cessation to the Civil and Military Station of the triangular bit of land for constructing Inspector's quarters belonging to Prospect House - marked yellow in plan - was shown by the alteration in the position of stone XIV/4 and by the addition of stone XIV/5.

But upon a subsequent check on the spot, it is found that the positions of XIV/1, XIV/2, XIV/3 and XIV/4 have been materially altered by the Civil and Military Station - of which no information was given to this Municipality. Their positions are now as shown in the plan in red ink. Owing to this alteration, an amended notification is necessary - for which a draft is submitted for approval.

SIR,

With reference to your letter No. 8169/Ml. dated the 28th February last stating that the subject of the revised boundary of the Bangalore City would be taken up after the disposal of the question of amending Notification relating to the boundaries of the Civil and Military Station Municipality pending before Government, I have the honor to state that much inconvenience is felt owing to the delay in the approval and publication of the boundary limits of the City as now revised by the Council

2. Among other areas, the village of Sunkenahalli near Basavanguḍi, the village site of Jodi Ranganathapura adjoining the Malleswaram Extension, the Sankey's tank bed with the surrounding grounds, the Filter beds with the adjoining ground up to the Indian Institue of science as also the additional area included in the Palace grounds at the Resurvey have been proposed to be brought within the City Municipal limits. plying dangerous and offensive trades are burning bricks and lime kilns continuously for days together with impunity on the outskirts of the Malleswaram Extension much to the annoyance and discomfort of the residents of that Extension. As those areas are not yet included in the City Municipal limits, the Municipality cannot take action to prevent the nuisance nor to set the law in motion in view to getting the offenders punished.

3. The Municipality cannot also enforce the rules of sanitation in certain other localities which are just outside the Municipal limits at present, but, are proposed to be included therein.

4 Under the circumstances, I beg that you will be so good as to obtain the very early sanction of Government to the draft Notification of the revised boundary limits of the City.

5. The question of amending the boundary of the Civil and Military Station near the Cubbon Park Police Station, now under correspondence, need not I submit, interfere with the approval of the draft notification for the City as it stands The necessary modifications that may be decided may be notified subsequently when the question is finally settled.
